SUBJECT INDEX

Abstracts, 66th Annual AANP Meeting, 261
Abnormalities, cerebral cortical, 350
Achromasia, neuronal, 279
3-Acetyl-2,5-hexanedione, 294
Acquired immunodeficiency syndrome, 323, 324, 325, 326, 340, 350, 351, 352, 357
  Dementia, 351
  Encephalitis, 326
  Pediatric, 350
  Vascuolar myelopathy, 351
Adenomas
  Pediatric, 342
  Pituitary, 342
Adhesion markers, 287
Adjuvants, 480
Adrenal medulla, 436
Aging, 237, 250, 277, 278, 298, 307, 600
  Normal, 309, 336
Agyria, 304
AIDS see Acquired immunodeficiency syndrome
Alcoholic rats, 319
Alkaline phosphatase, 270
Alpha$_1$-antichymotrypsin, 41, 333
Alpha-crystallin, 344
  B-chain, 344
Alpha-internexin, 338
Alpha-tubulin, 281
Aluminum, 317
Alz-50, 269, 336
Alzheimer's disease, 31, 49, 168, 206, 215, 265, 266, 267, 268, 269, 270, 271, 272, 306, 307, 308, 309, 310, 316, 317, 318, 319, 332, 333, 334, 335, 336, 337, 509
  Consortium to establish a registry, 336
American Association of Neuropathologists (AANP), Inc., News, 195, 538
Ammonia, 399
  -induced toxicity, 291
Amphotericin, 292
Amygdala, 306
Amyloid, 309, 334
  Angiopathy, 276
    Cerebral, 299, 300, 331
  Beta, 310, 332, 334
  Diffuse, 268
  Pericapillary, 268
  Peptides, cerebral, 267
  Pituitary, 341
  Plaques, 215, 265
  Precursor protein, 308, 309, 310, 331, 332, 333, 334
  Star, 267
Amyloidosis
  Beta, primate model, 308
  Experimental, 267
Amyotrophic lateral sclerosis, 276, 277, 383
  Guam, 317
Aneurysms, dissecting cerebral, 301
Angioendotheliomatosis, neoplastic, 340
Angiopathy, congophilic, 331
Angiosarcoma, primary central nervous system, 322
Angiotensin-converting enzyme, 337
Animal model, 498
Ankylosing spondylitis, 314
Anthracosis, 292
Antigen presentation, 122
Arnold-Chiari malformation, 283, 305
Arsenic, 137
Arteriovenous, 301
  Malformations, 282, 300
Arylsulfatase A, B and C, 406
Aspergillosis, 324
Astrocytes, 3, 122, 285, 291, 292, 399
  Human, 328, 338
Astrocytomas, 321, 330
  Cerebral, 325

NEUROPATHOLOGIST

The Medical University of South Carolina has a position available for a board certified neuropathologist. A research interest, preferably with grant support, and interest in instruction of medical students and pathology residents is expected. Clinical and teaching activities would be shared with a board certified neuropathologist. Associate Professor/Professor level applicant is preferred. Salary dependent on experience level. Please address inquiries or applications to: A. J. Garvin, M.D., Ph.D., Professor and Chairman, Department of Pathology and Laboratory Medicine, Medical University of South Carolina, 171 Ashley Avenue, Charleston, SC 29425.

AFFIRMATIVE ACTION/EQUAL OPPORTUNITY EMPLOYER
